We beg to state that we have just completed the largest Biscuit and Cracker Works in America, on West street, from Bethune to West 12th, and are now ready to supply the trade with Crackers and Biscuits baked in New York City.

We would indeed be ungrateful if we failed in this announcement to return thanks for the cordial reception given to us by the dealers and consumers of New York, Brooklyn, Jersey City and vicinity. Our welcome here has been most hearty, and the satisfaction our product has given, although brought here at great disadvantage from the West, has been most pleasing to us and a genpine surprise to every one, many dealers having remarked that nearly all varieties of our goods were simply the finest they had ever seen. If you have not yet given them a trial we would be glad to have you do so, and promise upapar-
